### Episode One / Advanced Driver Training

This is the first ever episode of Neutral.

In this episode Jason, Glenn and Damo do a quick introduction then get down to business by throwing to their first story.

The format of the show was changed for this episode as the guys wanted to premier with a longer feature story, all of the Neutral episodes after this one will have a few segments in each show.

Neutral is filmed mostly on public roads so the guys thought it would be a good idea to do an advanced driver training course with SDT to improve their skills on the road.
